Some Testimonials.

Goose Grease Liniment Co., Greensboro, N. C.:
Dear Sirs:—I sprained my back last July so bad that I could hardly walk. I got a bottle of your "Goose Grease Liniment" and after a few rubbings I was entirely cured, and have not been troubled since. I consider it the best liniment I ever used. A. MAX, The Clothier, Durham, N. C.

GREENSBORO, N. C., Nov. 21, 1896.
Goose Grease Liniment Co., Greensboro, N. C.:
Gentlemen:—We used some of your liniment on a badly cut hand of one of our pressmen. When applied not a finger of the wounded hand could be moved. In five hours he could use them and there was no soreness left. As a liniment it is ahead of anything we have tried. REBE & ELAM, Job Printers.

Rice's Goose Grease Liniment is always sold under a guarantee. I have sold it for the past two years and find that it gives satisfaction.

LOFTUS CUDDY DENIES IT.

NO GATLING GUNS FOR THE STRIKING MINERS.

No Force Will be Used and the Mines Will be Opened by Peaceful Means--Costly Deputies.

By Wire to THE TELEGRAM.

CLEVELAND, Ohio, Aug. 20.—Loftus Cuddy, of the Cuddy-Mullen Coal Company, denies that he ever said that Gatling guns would be used to subdue striking miners in the Pittsburg district. He said that the operators were determined to reopen their mines but that they expected to use peaceful means to accomplish their purpose.

Suit Against Sheriff Lowry.

PITTSBURG, Aug. 20.—It is reported among strikers today that suit has been entered against Sheriff Lowry for obstructing the highways in Plum and Patton townships. Lowry said that no change would be made in his methods, for a few days at least.

He thinks the campers will go to their homes in a few days, but he will keep the deputies in position until notified to do otherwise. The cost of maintaining the deputies thus far has been about ten thousand dollars.

Forty-seven coal companies have signed the uniformity agreement in the Pittsburg district and eleven other concerns have promised to sign.

BIG HOLIDAY IN TROY.

President McKinley and his Party are in Attendance.

By Wire to THE TELEGRAM.

TROY, N. Y., Aug. 20.—Today is a gala day in the history of this city. The occasion is the twenty-eighth reunion of the Society of the Army of the Potomac. All buildings in the central portion of the city are gayly decorated and business is suspended. President McKinley and party arrived at 9 o'clock this morning and were met by members of the presidential reception committee. The president will leave for Bluff this evening.

PRISONERS OUT OF CAGE.

Three Men Who are in for Long Terms Break Jail.

By Wire to THE TELEGRAM.

PHILIPSBURG, N. J., Aug. 20.—Three prisoners, Echord, Bishop and Belvedere, forced their way out of the county jail here last night and made their escape.

The escape was not discovered until this morning. Echord was in for burglary and Bishop for bigamy. The former had been behind prison bars nearly twenty years.

A reward has been offered for their capture.

QUIETING DOWN IN INDIA.

Rising of Afrids Not so Large as Was First Reported.

By Cable to THE TELEGRAM.

SIMLA, Aug. 20.—Gen. Blood, commander of the British forces operating against insurgent tribesmen on the frontier, reached Galogai without opposition.

He reports the villages deserted and adds that the Afrids rising was at first exaggerated. The Afrids had never advanced beyond Tirah.

PULLED THE HEATHEN CHINEE.

Fifty Orientals Who Came via Canada Arrested in New York.

By Wire to THE TELEGRAM.

NEW YORK, Aug. 20.—Fifty Chinamen were arrested this morning at the Grand Central Station by orders of Chinese Inspector Schrf.

This is the largest number of Chinamen picked up in this state in some years. They had entered the United States by way of Canada.

Commission Made Out for Hitchcock.

By Wire to THE TELEGRAM.

WASHINGTON, Aug. 20.—The commission of Nathan A. Hitchcock, of Missouri, newly appointed minister to Russia, was made out at the White House today. The appointment dates from August the sixteenth.

VIGILANT SEARCH BEING MADE.

The Hunt for Johnnie Conway's Kidnappers Prosecuted.

By Wire to THE TELEGRAM.

ALBANY, N. Y., Aug. 20.—The hunt for Henry A. Blake, or Avery, and A. Krass, or Knapp, who are supposed to have been the confederates of Joseph M. Hardy in kidnapping Johnnie Conway, is being vigorously prosecuted by the police of this city today.

Full descriptions of both men are being telegraphed all over the State, and it is probable that they will shortly be in the toils of the law.

LIGHT PLANT BLOWN TO PIECES.

Petersburg's Electric Light Works Demolished by an Explosion.

By Wire to THE TELEGRAM.

PETERSBURG, Va., Aug. 20.—The Petersburg electric light plant has been blown to pieces.

The total loss will amount to \$10,000. A large section of the boiler, weighing several tons, was blown 75 yards, going through a barn filled with hay, which it totally demolished. No cause for the explosion is known.

WHEAT A DOLLAR AT LAST.

And the End is Not Yet—Prices Continue to Advance.

By Wire to THE TELEGRAM.

NEW YORK, Aug. 20.—September wheat sold at a dollar a bushel this afternoon.

Exciting reports are coming in from all the exchanges. Prices continue to advance.

NEWSPAPERS INTERDICTED.

British Stop the Circulation of the Sebah and Maluma in India.

By Cable to THE TELEGRAM.

CALCUTTA, Ind., Aug. 20.—The official Gazette will publish tomorrow a notification to the effect that the Turkish newspapers Sebah and Maluma will hereafter be prohibited from circulating in India.

A LARGE PURCHASE.

The Biggest Purchase of Leather Ever Made in the South.

The Merchants' Grocery Company, of this city, has made the largest purchase of sole leather that has ever been made in the South by a single jobber.

This purchase includes five thousand sides of trimmed and untrimmed sole leather and represents about \$15,000.

The purchase was made by the Merchant's Grocery Company in June, before the advance in leather, and also before the manufacturers had placed their orders, giving the advantage of the choicest selections.

Our representative was in one of their warehouses today, and judging from the amount of leather they are shipping they will have no trouble in disposing of their immense stock.

The Juniors' Thank You.

We desire to express our thanks to all who aided in making the fourth anniversary of Greensboro Council No. 13, Jr. O. U. A. M., a success last night.

To all who aided in the music; to Mr. J. L. York, Mr. N. J. McDuffie, the Y. M. C. A., and I. O. O. F., for loan of chairs; also to return compliments to Mr. L. L. Clegg for the nice manner in which the refreshments were served.

W. THEO. WILLIAMS,
JNO. T. THACKER,
PAUL G. WELCH,
Committee.

Got On the Wrong Side.

We understand that several of our citizens have gotten on the wrong side of the markets recently, and in consequence thereof have lost considerable money. We have heard of one man who lost \$700 on wheat. Fortune does not always favor the brave.

A Mistake.

The report that the silk factory started this morning was a mistake. A TELEGRAM man was out at the factory this afternoon and learned that they are not yet quite ready to begin operations. Some little work is required on the engine first.

Thanks to Captain Wishart.

THE TELEGRAM returns thanks to Captain Wishart, of the Ice and Coal Company, for a fine melon cool from the ice this afternoon.

The Captain may be in a chilly business, but it has never reached his heart. He sees it that the hungry are fed.

ANOTHER RELEASE SECURED.

GEORGE NEWTON TURNED FROM A CUBAN PRISON.

He Was Leading a Band of Insurgents and Was Forced to Surrender --Weyler Displeased.

By Wire to THE TELEGRAM.

WASHINGTON, D. C., Aug. 20.—The State Department today received a communication from Consul-General Fitzhugh Lee announcing that he had succeeded in securing the release of Capt. George Newton, an American who has been leading a company of insurgents in Cuba. He recently surrendered and was imprisoned.

Upon his imprisonment General Lee took immediate steps to secure his release. Weyler did not give Newton his liberty until forced to do so.

THE SHERIFF GROWS LIBERAL.

Makes the Hearts of the Prisoners Glad With a Feast.

From some cause or other—it may be from the force of a habit contracted in campaigns—Sheriff Hoskins opened his heart yesterday afternoon and bought a wagon load of melons upon which the prisoners confined in the county jail feasted to their hearts' content. The prisoners enjoyed the feast immensely and were loud in the expression of their thanks to the sheriff. They had all they could eat and to spare.

If the sheriff isn't careful he will make the jail such a popular place with a certain class of citizens that he will be overrun with boarders. However, these little acts of kindness do not cost much and may be the means of doing good. The unfortunate ones feel that they have not been forgotten in their disgrace, as is so often the case.

WINSTON-SALEM SHIPPERS.

A Well Attended Meeting--Object of Organization.

The local meeting of the Shippers of Winston-Salem was well attended yesterday. President Cesar Cone and Manager R. C. Stanard, both of this city, made interesting talks, explaining why the North Carolina Shippers organization was formed and what it proposed to accomplish.

Mr. Cone said they had no fight to make on the railroads, but did want a fair and equal showing in North Carolina. He gave a number of figures showing the difference in the North Carolina and Virginia freight rates, each instance showing the decided advantage Virginia has in this particular.

THE ASSISTANT ATTORNEYSHIP.

Holton Says Covington Will Not Hold Over.

District Attorney Holton was seen by a TELEGRAM man at the Southern depot this morning and asked about the assistant attorneyship. The Attorney says the talk about Covington, the present assistant attorney, holding over under protection of the civil service will amount to nothing.

Mr. Covington's term is about ended and Mr. Holton tells us the appointment of his successor may be expected almost any day. It is conceded that when the appointment is made the plum will drop in the neighborhood of Spencer Blackburn, member of the last legislature from Ashe county.

Baseball Tomorrow.

The ball team is getting in good shape and will play the Thomasville boys at the park tomorrow.

Next Tuesday and Wednesday our boys will cross bats with the Concord nine. They will carry a strong team to Concord and expect win—if possible.

The Colored Excursion.

Dennis Yancey and others who are managing the colored excursion to be run from here to Richmond, Va., next Monday are expecting a large crowd. A special car will be reserved for white people and they hope to take along a good crowd.

An Omission.

In the account of the temporary organization of the Berger-Wood Tobacco Company in yesterday's issue, we failed to mention that the following board of directors were chosen: Messrs. T. M. Pickard, J. S. Cobb, E. J. Stafford, W. W. Wood, Sr., and H. C. Berger.

These gentlemen are well known in the community and need no commendation at our hands.

WONDERFUL SUBMARINE BOAT.

Made to Crawl Along the Bottom of the Ocean.

BALTIMORE, Aug. 19.—The Argonaut, a sub-marine craft, was launched at noon today at the yards of the Columbian Iron Works, in the presence of a large crowd of interested spectators. Miss Miriam Lake, daughter of the inventor of the strange craft, christened it in the usual manner as it glided from the ways into the water.

This vessel, which is the invention of a Baltimorean, Simon Lake, is, as far as intentions and appearance are concerned, one of the most unique ever constructed. It is intended for commercial work, including the exploration of the bottom of rivers, lakes, bays and even seas, for treasure-seeking and other purposes of a kindred nature.

The vessel presents a curious appearance. The cigar-shaped hull has two big iron wheels attached to it near the bow. These wheels are about as large as ordinary cart wheels, and are of solid metal. The edges of the wheels are corrugated and cogged like those of a cog-wheel. A smaller wheel of a similar character is attached to the stern. These wheels are intended to enable the vessel to run along over the bottom of rivers and other bodies of water, the propeller of the vessel supplying the necessary motive power. The boat will be so arranged, it is understood, that divers can come in and go out of the vessel while she is on the bottoms of rivers.

The Argonaut is 36 feet long and nine feet in diameter, built of steel and strongly ribbed, to resist the water pressure. She is propelled, while on the surface, by a White & Middleton gasoline engine of 30-horse power. She can also be propelled, while on the bottom, by the same engine, the air supply being obtained through a hose leading to the surface and supported by a float. She can be propelled along the bottom by an electric motor as well, taking current from a powerful storage battery.

A strong searchlight is located in the bow, capable of lighting up a pathway in front of the craft as she moves along the bed of the ocean. Lenses are also arranged to project a beam of light to either side of the boat, so that objects may be seen in the vicinity of the vessel as she passes along.

Her speed is estimated to be about eight miles an hour on the surface and about five miles on the bottom. She will have fuel-carrying capacity for a run of about 2,000 miles. The crew will consist of a captain, one engineer and four divers. It is claimed that one man can handle her if necessary.

THE Armenian is not likely to better his case in any particular by bomb-throwing. The Turk has all the while asserted that the Armenian is a turbulent and violent subject, a fanatic and despoiler of law. It really appears that the Turk has spoken the truth for once. Indiscriminate exploding of bombs is not a method of protest that commends itself to the public of today, and we do not see that, as between Armenian and Turk, there is great grounds for a choice. If the oppression of the Turk provokes violence in the Armenian, the violence necessitates stern repression. No one, of course, can approve of Turkish atrocities but it is scarcely worth going into hysterical sentimentalities over the Armenian. The probabilities are that if he had minded his own business and obeyed the law, such as it is, he would not have been seriously molested.

THE Winston Republican says: "If the gold Democrats will help the Republicans to carry the Senate as well as the House, they can get the currency reform they deem necessary for the country's prosperity." In an adjacent paragraph it says: "The Populist State committee failed to endorse the white supremacy humbug." Now there is a double-barrelled bait for you. We would recommend to the Republican that it read Isaac Walton's "Complete Angler." The waters are not likely to be greatly troubled with the fish that rise to that bait. The gold Democrat is perfectly aware that he will get, not currency reform, but high tariff by electing a Republican Senator. He is also aware that a Senate of that complexion, like the Republican, regards white supremacy as a humbug.

THE Democrats of Virginia have a long, sharp-sneer up their sleeves for Senator Martin. He has distinguished himself in the Senate by his conspicuous mediocrity and he has not displayed either the courage or sincerity that makes mediocrity tolerable in a representative. He has straddled every issue that has demanded his voice and influence, on the one side or the other, and has deferred decision until he could safely jump with the majority of his constituents. This, coupled with the knowledge of how he first obtained the Senatorship, has not inclined the people of Virginia very favorably toward his further political aspirations.

THE Charlotte News has seen fifty-four snakes of two varieties in two big glass jars. It adds that they were "strong, healthy snakes." How long have you had 'em, brother? Seen any monkeys and things? Better come up and spend a few weeks with us; we will send you back feeling like a new man. And next time be careful how you celebrate the return of prosperity.

EMPEROR WILLIAM has once more displayed his genius for saying the wrong thing at the wrong time. This time the Orleans-Turin duel was the occasion of it and his congratulatory telegram to King Humbert will not put a better taste in the French mouth. If Willie were an American he would be termed fresh by his acquaintances.

It begins to appear that the Greater Republic of Central America will not materialize after all. Spanish American Republics are so obstreperous that they cannot agree to disagree peaceably.

It is probable that the earthquake which shook Canada yesterday was due to the explosion of great expectations when the tenderfoot reached the Klondyke.

POINTS FROM HIGH POINT.

Personal and Local Affairs Briefly Mentioned.

TELEGRAM BUREAU,
HIGH POINT, N. C., Aug. 19, '97.
W. E. McElray, of Charlotte, was registered at the Bellvue yesterday. "Mac" is always received by his High Point friends in a pleasant way.

Capt. J. H. Walsh, of Greensboro, was at the depot this morning.

Several of High Point's young people boarded West's excursion for Asheville Wednesday.

William Partridge salesman for the Tate Furniture company, is at home this week.

J. H. Tate and family left yesterday morning for Linville, where they will spend a few weeks enjoying the invigorating atmosphere of this noted resort.

Prof. Charles Lew Smith and family arrived in the city this morning from Carolina Beach, where they have been spending the summer. They will visit Mrs. Smith's parents, Dr. and Mrs. W. O. Jones, a few days, after which they will return to Liberty, Mo., where Professor Smith fills a chair in William Jewell College.

Mr. D. L. Clark returned last evening from Marley's Mills. He reports a very enjoyable time.

The machinery for the High Point Coffin and Casket Co. arrived Sunday and will be put in place at once.

The Thomasville baseball boys passed through on this morning's train for Danville, where they will play the Danville Blues this afternoon.

Red Buck's Duel.

"Red Buck," of the Charlotte Observer, has been challenged by another "Buck" to "accord the satisfaction customary among gentlemen," the grounds being an article published in the Observer.

The president of the TELEGRAM company has been requested to act as second for "Red Buck"—the weapons to be cornstalks "pulled out of the ground with the dirt on the roots. The president says he will act in this capacity and be found behind "Red Buck" or a neighboring tree on that momentous occasion—until the springing begins, when he will be found in front.

Land-Grabbing Britishers.

SAN FRANCISCO, Aug. 19.—The arrival of the steamer Navarro from Clipperton Island confirms previous rumors of possible diplomatic complications with Great Britain over the ownership of that isolated bit of land situated 600 miles west of Acapulco. Several years ago it was discovered that the island was rich in phosphates. The Oceanic Phosphate Company, of this city, was then organized and since that time the island has been owned here and has practically been United States territory. It is now asserted that English capitalists propose to buy the San Francisco company's interest and raise the British flag over the territory.

Miss Mary Kingan, employe of the knitting mills at Scotland Neck, lost two fingers by getting her hand caught in a machine.

The county Commissioners in Warren and Craven counties seem likely to get into trouble for not holding the school election. The Attorney-General has ordered the matter referred to the solicitor, and they will probably be prosecuted.

Superintendent Mebane has issued a circular to County Supervisors of public schools, warning them against paying too much for school books. He says the price is recorded with the Register of Deeds and some counties have been paying more than list prices.

Stephen B. Weeks, of Johns Hopkins University, is writing a "History of Common Schools in North Carolina." He also has in preparation a work on the "Life and Times of Wiley P. Mangum." He is now in Raleigh getting up data for these works from the State library.

Raleigh Correspondence Charlotte Observer: H. U. Butters, of Hub, Columbus county, is here. He has 100,000 acres of land known as Big Swamp, has 30 miles of canal, navigable by tugs, being 80 feet deep and 30 feet wide; has this summer built 12 miles of a railroad to Ashpole from Hub and is pushing this line into a cypress swamp, two miles beyond Fair Bluff. His saw mill cuts 100,000 feet of timber a day. The cypress, planed and ready for use, goes to Pennsylvania.

Dr. Joyful Laughter Ramsay, the accomplished Secretary of the Board of Agriculture, has succeeded, for the first time in this latitude, and with much trouble and little expense, in growing in the court yard of the Agricultural building, some of the world's rarest plants. Among these are the Dogia Fennilla, the cutting of which is a gift from the King of Siam; the Dockroatia Ramseyensis, the Jimsonia Weediana, which is so highly valued by the Chinese and in their language is termed the Jimson weed. Some of the Jimsonia plants have attained an altitude of eight feet. One of these will be sent by Dr. Ramsey, at the request of the Prince of Wales, to the royal botanical garden at Kew. —News and Observer.

Gold Exportation to Stop.

WASHINGTON, D. C., Aug. 19.—It is felt here that in the battle for gold, or more correctly speaking, the battle for the balance of trade between the United States and foreign manipulators, there is no longer any possibility of the United States being the loser. The feeling at the Treasury Department is that the United States has at last got into a strong position, that the American securities cannot be beaten down by any effort on the part of European bankers, and that this country can hold its share of the world's gold supply in spite of any manipulation that may be indulged in.

The belief that the unsuccessful attempts which have been made to beat down the American market were the result of a concerted action of European bankers renders the question of our ability to withstand such attacks a matter of great importance.

THE JUNIORS CELEBRATED.

FOURTH ANNIVERSARY OF THE GREENSBORO COUNCIL.

Dr. Charles D. McIver and Rev. Mr. Thomas Make Speeches—A Pleasant Occasion.

The K. of P. hall was well filled last night with a large and representative audience who had come out to help the members of Greensboro Council No. 13, Jr. O. U. A. M., celebrate their fourth anniversary. Those who had been so fortunate as to be present upon other occasions when exercises by the Juniors was the attraction were anxious to be on hand on this occasion, for they knew they would be treated to something fine.

The exercises were opened at 8:30 o'clock by singing "My country 'tis of thee" by the choir, after which Rev. Dr. E. W. Smith offered a short and fervent prayer.

Then followed an address by Rev. Charles A. G. Thomas, of Fayetteville, on "The history of Greensboro Council No. 13, and Objects of our Order." He gave some statistics which showed that this Council had been doing some very gratifying work during its four years of existence. The Council was organized August 18th, 1893, with eighteen charter members. Since that time the roll has been increased to one hundred and twenty-four—a most gratifying showing. Not only has the Council been active in increasing its membership, but it has looked well to the principles for which the order stands. During the four years of its existence more than four hundred dollars have been paid for the relief of suffering.

One strange fact is that during all these four years, and out of this large number of persons who have been initiated, Greensboro Council has never lost a member by death. This is a most remarkable record.

Mr. Thomas' address demonstrated the fact that he is the same enthusiastic Junior as when he lived in Greensboro and took such an active part in the work. His speech last night was a gem and pleased all present.

He believes in carrying out the doctrines of the order to the letter, and when that is done a brighter day will dawn upon our country. He is thoroughly imbued with the spirit of the Juniors and bitterly opposed to anything that has for its end the bringing about of a condition that is indifferent to their principles.

The speech was enthusiastically received by the audience, who showed that it met with their hearty approval.

Next on the program was a solo by Zeb. V. Taylor. He sang the "Holy City" beautifully and impressively. Mr. Taylor is gifted with a splendid voice and is one of our most popular singers. His effort last night pleased all who heard it.

After this came an address on "The Fifth Object of Our Order," by Dr. Chas. D. McIver.

The fifth object of the Jr. O. U. A. M. declares the loyalty of the order to the public school system of our country, demands the reading of the Bible in the public schools and denounces sectarian influence therewith.

There is doubtless no man in North Carolina better prepared to address an audience on this subject than Dr. McIver. The public school interests of the country lie next to his heart, and having availed himself of the opportunities which teach the great need of the day, he is prepared to speak on this important subject as few men are.

The address was a fine one, and was listened to by the audience with pleasure.

Dr. McIver thinks patriotism is essential to the peace and prosperity of our people, and that it should begin at home; believes there is room in North Carolina for the Juniors to do great good, if they are faithful to the fifth object of their order.

He is thoroughly alive to the great importance of the education of the people and thinks the best way to arouse public sentiment on this question is to bring our people to a realization of our condition. We think the people of any section of our State may count themselves fortunate in having an opportunity to hear Dr. McIver or other men of his kind on this question at any time, for it is only through the efforts of such men as these that our people will ever be aroused to their duty.

The address was followed by "Columbia," which was sung enthusiastically by the choir.

Refreshments were then served. Cream, cake, sherbets, etc., were there in great abundance.

"Home, Sweet Home" was then sung, after which Rev. C. A. G. Thomas pronounced the benediction and the crowd dispersed at will.

An Error.

In the notice in yesterday's paper saying that the chairs for the Merchants and Manufacturers' Club had arrived it was stated that they were furnished by "Working Bros." It should have been Workman Bros.

Tobacco Fair for Winston.

The Tobacco Board of Trade will hold a meeting late this afternoon at the Chamber of Commerce rooms in Winston to take action in regard to holding a tobacco fair in that city about November 1st.

Considerable interest is being manifested in the proposed fair already, and it is the aim of the Twin-City tobacco people to eclipse all tobacco fairs ever held in the South.

Camp Meeting Closed.

The camp meeting at Muir's chapel, closed last night, Dr. Weaver preaching the closing sermon. Quite a number of Greensboro people were in attendance.

The meetings have been well attended, and the preaching been of a high order.

A Good Ruling.

The Winston Journal learns that the Southern railway has posted an order that no employee shall be a relative of the official under whom he is working, and that all promotions shall be based upon actual merit.

LIVE LOCAL MATTERS IN BRIEF.
